

A neighbourhood treasure:

# MacGregor Park Field House

**Solidly built in the thirties, this fine field house has fallen on hard times.**

**The good news:**

Federal/provincial Stimulus funds of around **\$100,000** have been assigned to fix up the building.

**The bad news:**

in the rush to get the work done, plans for repair don't address the most urgent problems

**The good news:**

this neighborhood has lots of builders, architects, skilled trades, and do-it-yourselfers

**Share your ideas with your neighbours, including special guest**

## Rohan Walters

Local building designer, B.Arch, *Spaces By Rohan*

# Sunday November 15, 3-4 pm

\*If you'd like to learn something about water damage to foundations, and how to prevent it in your home, that's one of the things Rohan will be talking about.

\*There will be a campfire near the field house to roast chestnuts and marshmallows, with hot chocolate too

For more information: [www.macgregorpark.ca](http://www.macgregorpark.ca)  
or call **416 533-0153**.

MacGregor Park is on Lansdowne north of College Street  
(west side, beside the high school).
