Dear Friends,

For many years you have told me you want upgrades to the changeroom facilities at Greenwood Park and better connections to the rinks in winter.

Starting this year, renovations to the 40 year old buildings and structures will help transform the rink and the park.

Here's what is planned:

- Redesign and upgrade of change room facilities
- Relocation of mechanical and storage buildings on west side of rink
- An all weather open roof structure for the existing rink
- A new pleasure skating trail to replace the existing pleasure skating rink
- Relocation of storage cage at east side of rink

Parks and Recreation have preliminary designs of all of these components. As park users your experience and perspective is of great value in creating the final design. A presentation of the draft designs will

Greenwood Park Improvements Community Presentation

Tuesday, February 1, 2011
7:00 PM

Riverdale United Church
1117 Gerrard Street East (at Leslie)

The plans are also posted on my website www.paulafletcher.ca if you wish to see them ahead of time or make comments if you cannot attend on February 1st.

Working for you!

Paula Fletcher

City Councillor, Ward 30
