

# About Our Committee

The Thorncliffe Park Women's Committee (TPWC) came together with a vision to transform the public space into a place that enriches the community and the neighbourhood.

Our supportive partners are Thorncliffe Neighbourhood Office (TNO), The Ontario Trillium Foundation, Toronto Parks, Forestry and Recreation, Toronto Public Health, Food Share, Evergreen Brickworks, STEPS and CELOS.

*"We seek to empower the women of Thorncliffe Park to make a difference in their community and their public space."*
